

# Weekly Report

Yuxin Ma

05.12.2014 - 05.18.2014

## Projects

- **ViSketch (previously Attic)** This week I helped Hu Wanqi with the ViSketch demo system. The interface is shown in Figure 1. Shen Hanxiao and Li Chen has finished a version of the *Field of Commemoration* with D3.js. The next three days we will make the parameters adjustable and polish the interfaces and interactions.

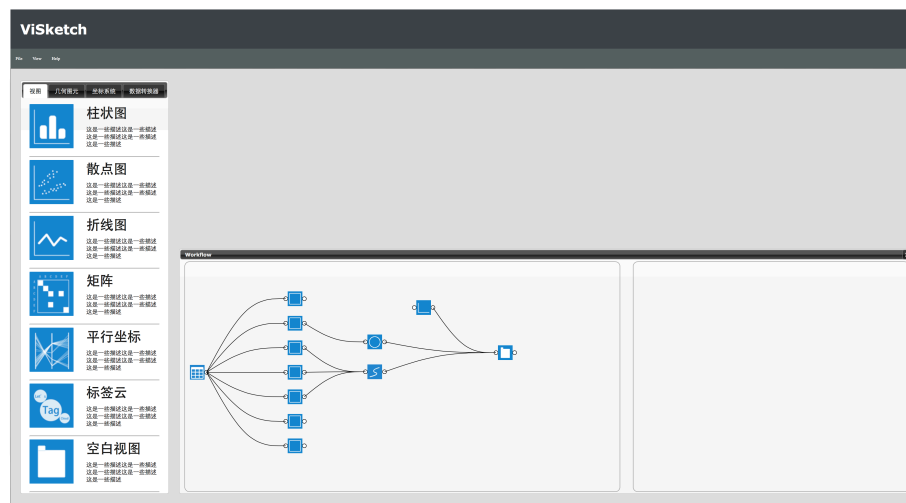

Figure 1: The current interface.

## Plan for Next Week

- Finish the demo video before May, 23rd.
